

# How to Build Your Motorcycle Mount

To build a complete mounting system add a cradle (Step 1) and mount (Step 2).

**[Step 1 Select Device]:** Choose device make and model. The resulting cradle will attach directly to the mount (Step 2).

**[Step 2 Select Motorcycle]:** Choose motorcycle year, make and model. The results will yield the RAM mount that will attach directly to your motorcycle; it also will connect directly to the cradle that is shown in Step 1.

Select:

**Note:** The select box must be checked for Step 1 and Step 2 to complete your motorcycle mount.
